District of Innovation Plan

March 21, 2016

What is a District of Innovation

A District of Innovation is a concept passed by the 84th Legislative Session in House Bill 1842, effective immediately, that gives traditional school districts most of the flexibilities available to Texas' open enrollment charter schools. To access these flexibilities, a school district must adopt an innovation plan as set forth in Texas Education Code chapter 12A.

What legal requirements can Mabank ISD avoid by becoming a District of Innovation?

1. **Uniform school start date (EB Legal):** This will allow MISD to provide a calendar that addresses student instruction and focused professional development plan in conjunction with the new instructional minutes rather than instructional days required.
2. **Class size ratio (EEB Legal) :** Currently K-4th grade classes are to be held to a 22 students to 1 teacher ratio according to state law. When the classes exceed, a waiver to TEA is required. Annually students must be transported between the three neighborhood schools to maintain this ratio which reduces the positive attributes of neighborhood schools for all students. This will allow MISD more flexibility for the elementary campuses.
3. **Teacher Certification (DK Legal and Local):** In the event a district cannot locate a certified teacher for a position or a teacher is teaching a subject outside of their certification, a district must submit a request to TEA. In order to best serve MISD students, this will allow decisions on certification to be handled locally.

Summary of Process

- ◇ MISD Board consider to Adopt a Resolution
- ◇ Conduct Public Hearing
- ◇ Decision to decline or appoint a District of Innovation Committee
- ◇ Develop a Strategic Plan
- ◇ Provide Plan for Review (Public/District Innovation Team/TEA)
- ◇ District of Innovation Team votes on Strategic Plan
- ◇ MISD Board votes on Strategic Plan

HB 1842

Districts of Innovation

HB 1842 provides MISD

with the opportunity to

design a strategic plan

according to the needs

and resources of our

district while maximizing

local control.

What impact could innovations have on school funding?

School district funding will remain substantially the same for Districts of Innovation. The MISD Administrative team predicts a positive impact to the budget.
